

New Direction Unfolding

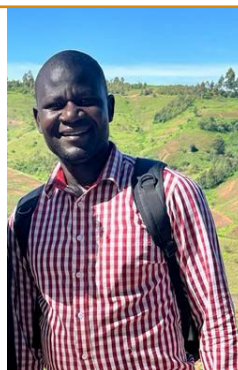

Dear Friends of Aim Light High School,

It was not looking good last December when we last connected with you.

We are now delighted and excited to share with you what has been transpiring since that difficult season. Here are the highlights:

- We would like to introduce you to the vision that will set the school onto a path that will be very encouraging for sustainability.
- A Presentation Link follows that describes that direction - please take time to view it.
- Our giving platform is changing to the Speroway Foundation in Burlington, ON.
- This charitable foundation works in 6 countries and one of them is Malawi.
- It has great turn around times for donations getting to Aim Light High School.
- Spero is the Latin word for **HOPE**. This is the **Way** that Speroway operates - bringing hope to needy situations in these countries.
- Timing is critical. We want to build the Hostel beginning immediately and completing it by August 30. The first donations of nearly \$10,000 are in. Would you please consider adding a generous gift to help the school get this done this summer?
- All the links are on the next page.

A Big Thank You!

A sincere thank you to the donor who stepped up and took care of Mofart Louis's financial burden last December.

As well, the buyer of Mofart's crop has made good on paying him.

That is such a relief.

Thank you for your prayers for the Louis family.

They have just finished planting their crops for this season.

Timelines:

Campaign Donations open NOW.

Make a pledge to be fulfilled
by June 15, 2026.

Construction starts week of May 11.

End date: August 30.

Introducing The El Shaddai Campaign

Many of you will recognize the name El Shaddai from the Bible. Mofart suggested we use this to frame the campaign in acknowledgement that we, on our own, don't have the resources to do what we are hoping for - but the "*God of Abundance*" does. This is one of the definitions of El Shaddai.

Referrals Wanted

If you might know of some possible connections that you could make by introducing Brian to people who may be interested in this kind of project, please feel free to forward this on to them directly or by making an introduction referral.

Donation Timing

We are engaging a General Contractor who is experienced in building school hostels in Malawi. He is ready to go so please consider making a donation or pledge in the near future to help us meet construction datelines.

Thank you kindly!
